Shahid, John, Joshua, Ed and Lisa:

Thanks for agreeing to participate on the Gold King Mine internal review team.

I want to express my appreciation to your regional management for permitting your participation.

I am attaching to this email the charge statement for your efforts. It is important that each team member is aware of and follows this charge. It is especially important that your efforts not disrupt the ongoing response activities.

If the team believes it would be useful before commencing its work Monday morning to have a conference call, I will make myself available. Otherwise, I would like to suggest that we have a "check-in" conference call Wednesday morning on your progress. Please let me know after you all convene in Colorado what time on Wednesday works best for the team and whether you would like to have a conference call Monday morning.

Please note, as stated in the charge, the OSWER AA is expecting to receive your report on Monday, August 24.

If you have any questions, please feel free to call me at 703.603.8722 or Dana Stalcup at

703.603.8702. Both of us can be reached via email as well.

Again, I want to thank you in advance for your efforts.
